2019 Overview

Message from EC

The second year of our term as EC commenced with very promising opportunities as we realized one of our priority agenda which was the conduct of NVDA's organizational development (OD) workshop during its 13th TNW and 14th General Assembly held in February 2019 in Kathmandu, Nepal. The said process allowed us to look intensely our internal situation for the past 20 years as an organization, the different challenges we experienced, efforts successfully undertaken and the numerous desires and aspirations that have yet to be materialized. The said inner reflections produced outputs that were very constructive and coupled with highly charged wishes of everyone to help reform our organization.

As your EC we never wasted our time and pro-actively utilized the last TNW & GA results to plan and prioritize next steps when we held our EC physical meeting last May 2019 in Taipei, Taiwan. During this time we scrutinized several key results that we felt most relevant and mapped out priority agenda for our next TNW and GA in 2020 in Macao, China. These include the conduct of strategic action planning, constitutional reform, development of rules of procedure (ROP) and NVDA Guidebook to name a few.

We are also equally pleased with our significant participation for the first time to the three Erasmus+ Projects with our two international partners KORA of Italy for the World Exchange 2 Program and CCIVS with STEPS and Framework Program. The said programs have not only benefited some of our members to participate to the different training and workshops conducted related to the programs, recruited youth participants to join international workcamps through the WE2 program that gained us an income, successfully represented NVDA in the different stages of these program partnerships but primarily with the recognition of our organization by the EU Commission (through Erasmus+ Program by having our own PIC) as a legitimate body qualified to engage with European organizations promoting IVS, youth work and other related programs worldwide.

We would also like to highlight EC's emphasis on the thorough review and development of our secretariat, administrative and financial data, filing and record system in order to professionalize our documentation and information management system. Through this process, we believe that better transfer of knowledge from one secretariat to the next and or from one EC term to the next and so on and so forth will put order to this very basic information references and will result to a more enhance understanding about our organization.

It has been noted that the transfer of knowledge, poor documentation specially on the financial protocol has been among the problem within NVDA, which led us to a lot of time looking and reviewing these matters intensively. Thus, you may noticed how much effort we focused on the documentation and improvement of of the written protocols like constitution, ROP, Guidebook as well as the drafting of the EC manual to try to address these equally relevant documents.

The work was indeed getting more intense as months went by. But, we believe we attributed this strong dedication and hardwork with the good relationship we have built as EC team and our united stand to help shape the reform of our organization. We truly tried our best to address these issues and concerns as professionally and as efficiently as we can.

These very positive baby steps continued to inspire us in our tasks being your EC. With our transparent and active participatory approach of leadership we have done our work quite consistent with our mandate. We have always been coherent with our desire that each and every one of us have every opportunity to take part, to be one with us and to own this journey towards better NVDA.

Let us continue to be inspired to become an instrument to inspire each one of us, to strive to lift each other up for there is no fulfilling moment than to see our work sprouting new seeds of hope for our organization that will surely bring forth a much empowered NVDA in the very near future.

On behalf of EC

RHENELYN QUEEN P. DADULO

President, NVDA

President, GIED (Philippines)

Highlights of Members' Project 2019

IVP

SVI

Goulburn Show, Feb 2019

For two weeks our volunteers assisted the local show committee (all volunteer) in preparing for, and standing down the annual Goulburn Agricultural Show, held over a weekend and very popular in the community. This is the second year we have assisted, with warm appreciation from the local organisers - we will be back in 2020.

The youth of the Public Centres for Social Action (CPAS) gets involved in Europe, January – October 2019

The project involves accompanying several groups of 5 young people coming from different CPAS on short term EVS projects. The workcamps will be 2 weeks long and supervised by 2 people.

The project aims to offer a long-term support to the CPAS youths before, during and after their mobility workcamps. Those workcamps are all about creating a positive energy and an exploitable experience that can be useful professionally. It is also a time to develop personal growth (maturity, self-confidence, non-formal education skills, etc.).

DWC

Social Welfare Village -Huakailing, August 9th – 15th

Huakailing Public Welfare Village is still under construction .During the workcamp,volunteers built a pavilion with local material(wood & bamboo),which can be used for kids activities in the future.

VolTra

Jockey Club Glocal Hero Action – Social Incubation Programme, September - November

Following the success of the last two years, VolTra has once again received the sponsorship of the Hong Kong Jockey Club Charity Trust to kick off the Jockey Club Glocal Hero Action – social incubation programme. The three-year-programme seeks to provide a series of training, mentorship matching and seed fund for young people to turn their passion into action by initiating their own social projects.

In addition to mentorship by renowned start-up and business leaders, winning teams are given seed fund to initiate their projects. They also had the chance to participate in overseas workcamp and broaden their horizons. In the past two years, the programme has supported the initiation of 42 social projects, benefiting over 5000 people. More than 150 Glocal-Heroes have visited various places such as Iceland, Kenya, North Korea, Mexico, Mongolia, Nepal, Sri-Lanka etc. Through exploring the world, Glocal-Heroes discover possibilities for themselves and their own communities.

FSL

Sanitation Project, Balenahalli Karnataka, July 2019

There is Lexane, 21 years old from France who decided her holidays to participate in a work camp with the FSL-India. The purpose of this project was to build bathrooms and toilets for people in an Indian village. We were a team of 4 students from ESTP Paris and we shared this experience together.

RUCHI

Education and Sports, June 24th – July 6th

A Canadian, trained physical education teacher, introduced basic but innovative physical fitness exercises/sports in 2 local schools and educated children on sports activities. This was an eye opener for even the school PE Teacher. The school authorities, parents and children appreciated the contribution very much and wanted more such volunteers.

SMILE

Rooftop Organic Farm

We got a huge success this year on this project. This project help us to bring little extra oxygen among city dwellers and grow chemical free vegetables . Our pilot project became big success among communities living in cities. We provide training and educate community women to buildup such Rooftop Organic Farm on their house top. Looks like it became very popular too.

DEJAVATO

Samsung OneWeek 2019, July 14th – 19th

Samsung OneWeek was held as the place for women to explore and improve their talent and skills in running their businesses. During the project, women participants were actively joining the mentoring, practices, lecture, and the presentation. They got a lot of knowledge and skills from Samsung employee in how to manage the business in a better way. As women, they also can contribute for their family and society and they can be the successful women in the world.

GREAT

Mangrove to Stop Climate Change, Pekalongan, the whole 2019

The local partners in this project has opportunity to meet in informal setting with other GREAT local partners in Happy Children and University project. This has built more communication and relation among them. The environmental protection issue and educational issue somehow has been approached in more comprehensive perspectives. A new collaboration has now been planned to develop the Mangrove to Stop Climate Change project 2021 involving University and family/communities of parents in Happy Children project in Pekalongan

NICE

Mimuragaoka, September 23rd – October 2nd

Here is registered as Globally Important Agricultural Heritage Systems by FAO with a lot of flowers and butterflies, but the abandoned lands are increased by rapid depopulation. We started a workcamp in 2018 and this year, 7 vols. from 5 countries worked with the locals to revive the fields that greatly empowered them both physically and mentally. They also found that the vols. could find new attractions of the area as outsiders point of views that are not imagined by the locals!

IIWC

Mangkang Camp, July 12th – 25th

Mangkang Camp has been running in IIWC for several years. During the camp in 2019, we conduct discussion with the local partner in the village. They said, the project was succeed to bring more spirit to local people to plant mangrove, and the result we can see now that the ecosystem is running better. This year, fisherman have a better income and the coastal line bring back to normal. However we still need to maintain this situation by planting more mangrove and doing the monitoring. Instead planting mangrove, the other objective of the project now is how to spread spirit to protect the nature to have a better climate by doing some workshop and campaign.

IWO

Participation fee support project, February - August

Since the economy is in recession, having an opportunity to experience international exchange such as Workcamp is becoming more difficult for Youth. To give more opportunities for youths, IWO has run participation fee support project since 2018 called 'early bird project'.

The process of project is as below ;

- 1)Volunteers applied camp and paid the participation fee
- 2) Participate in Camp
- 3) Submitting a review on IWO's website and the biggest travel community in Korea.
- 4) Pay back their participation fee.

Total 22 volunteers had an opportunity to join Workcamp. It could benefit both the Volunteers and IWO. Volunteers could have a chance to join Workcamp,

HJA

Engaging Rural Lao Youths to Promote Community-based Organic Vegetable Farming to Mitigate Impacts of Agro-chemicals, July 2018 – June 2020

This project is to support all HJA alumni on their initial ideas for community development activities. This is the project that works to support the household economic, improve the local livelihood to achieve the development plan of government. The project implementation base on the community condition and capacity on implement the activity in order to improve their household economic and improve their livelihood for a better.

MNCYA

Macao International Workcamp - WHV - The Feast of Na-Tcha in the Historic Centre of Macao, 12 June – 21 June 2019

Gather up international volunteers, local volunteers, local communities, authorities and organizations to promote the cultural mix in Macau. The aim of this workcamp is to raise awareness among young people, volunteers, local communities, foreign tourists, and other concerned authorities concerning the essentiality and importance to protect, preserve and promote Macao World Heritage.

MOVE

Golden Life, August 11th – 24th

MOVE got inspiration of starting this work camp in 2018. In 2018, we used this old folk's home as accommodation for our Wisma Harapan workcamp. During the volunteers free time they used took parts in some of the activities conducted in the home. It gave MOVE new inspiration to start up a project there. So we officially start the project in 2019.

MCE

Farm Project, June – August

Farm project in Mongolia. With donation of volunteers, we bought materials for metal fence. Local people made metal fence to protect farm.

COM

Lepiyantung, March 21st – April 3rd

The International volunteer workcamp started organized in that village in 2015 with one workcamp per year. Time by time the local situation of the community increased especially the living standard of the host family. On September, COM organized training camp for young people in Nyaung Shwe and inspired by the villagers as well. Therefore, the host family donated the land to build centre for community development purpose. The centre is expected to finished in early 2020 to run the functions.

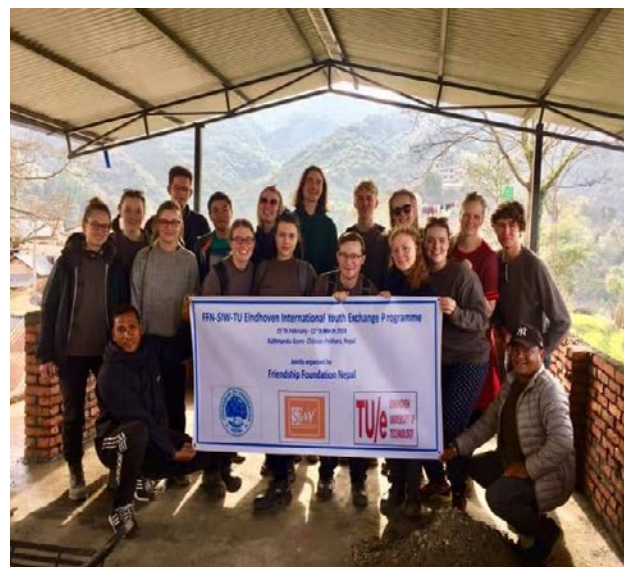

FFN

Community house in Banepa, 25 Feb. 2019 -11 March 2019

It was very nice to have group from Netherland and they support for the community house.

GIED

Bilateral Educational Workcamp, August 21st – 30th

The Barangay of Candugay in Barili, Cebu hosted for the first time the 13 Japanese volunteers venturing an Educational Camp. The locals gave us the warmest welcome upon arrival up until the last day. They express their gratitude and hospitality in many ways for the efforts done by the volunteers to be able to have an intercultural learning with them. Through the hard work of the volunteers and being a good role model, the locals most especially the youth were become driven to study and have a quality education to be able to have better future. The community is looking forward again for another set of volunteers where they can interact, share and coordinate plans and actions for a sustainable development.

VIN

Raising Peace Campaign, October 15th – 26th

VIN Conducted Raising Peace Campaign to the local community against violence among women. Aware people on women rights and implement those in local level.

Also Organize open forum in public place for the interaction with local community people on women violence, problems and their solutions.

GVC

GV4GF

InterCultural and Language project, Nakornratchasima, 2019

This project located in VSA Peace Village. Peace Village is the International community that encourage people from around the world exchanging and make understanding in intercultural and language. In the community, volunteer has chance to teach English for primary student which is continuing for few year. This is Ban Krok Luk School where many international volunteers taught English to students for few years won the prize of English Test in primary students English competition which is upon expectation as Nab Krok Luk school is very small school with less than 100 students.

More Over, 70% of student passed the exam to continue study in secondary school with high score of English subject. This phenomenon created the amazing for Thailand Primary Education Service office. And starting corporation with VSA to receiving the supporting of international voluntary service in primary schools in Thailand.

Establish a plant nursery, March 17th – 30th

We started work with this organization in this year. First time volunteers visited here and community very happy to see them in their village. When working lots of neighbors joined with us.

VSA

Outgoing project to Siem Reap, hosted by CYA, January 21st – February 1st

The work camp exceeded the expectations of volunteers in every aspect. The host was superb. The volunteers learnt a lot during the 12 days, specially how things are being done in less privileged countries. It helped the volunteers at the same time to reflect upon themselves.

It was great to be of help and being able to share some of knowledge to the local community as well the children. It was inspiring to see that the volunteers were able to give and help others.

The fact that the volunteers lived in the local village helped them to understand more on the daily struggle the villagers are facing and how fortunate. There is so much that can be done and it was an eye opener for the volunteers.

VYA

Sanjiao Village, 2019

Orietta Lin used to work in the Sanjiao Village since 2010. She transformed & renovated an old pigsty from her family into an artistic dining room for public, and hosted many community activities within this space. Until two years ago, we had our first workcamp project together. It appealed a lot of attentions from local villagers and community leaders. Everyone is very satisfied with her efforts to involve local youth to join the community affairs. This year, the chief of Sanjiao village invited her to be the general secretary of the Sanjiao community development association, which is the most influential people organization.

EXPERIENCING CULTURE WITH ETHNIC PEOPLE AT BUOC VILLAGE - 30th July – 10th August, 2019

BUOC-village is a small village of Thai-people (an ethnic group came from southern of China) with very pure landscapes. This area is placed by only green colour and a lot of mountains. Because of this natural condition, Thai-people here rely mainly on agriculture. In the past, the village was located adjacent to streams and the local people used water of the streams for gardening. The streams are very beautiful but dangerous. Despite the good aspects of new infrastructure, villagers still lack knowledge in education, environment and understanding about a modern society.

Regular Networking Project

15th Training Networking Workcamp and 14th General Assembly in Nepal

Hosted by VIN and co-hosted by FFN, the 15th TNW and 14th GA was successfully held in Kathmandu, Nepal. Started with the Pre-Workcamp from January 24th to 26th, then followed by the TNW and GA from January 27th to February 2nd. There were 38 participants from 24 NGOs joining this event with detail as follow : 16 NVDA full members, 2 NVDA associate members, and 6 guest organizations.

Highlight sessions :

1. Pre-Workcamp in Tarakeshwor

Tarakeshwor municipality lies on Kathmandu District and the project is about post disaster actions. From first studies, it was seen that despite being close to the capital of the country, the education level and the living standards of the people are very low. The community area is not very clean due to the lack of hygiene awareness and schools are not supported with basic facilities, such as toilets, drinking water and teaching resources. Led by Dewakar as the campleader from VIN, the participant were voluntarily cleaning the ruins and having intercultural exchange through school visit activity.

2. NVDA Organizational Development (OD) Workshop during the 15th TNW

Facilitated by Monika Beniulyte and Pavel Bryk from the EU Aid Volunteers, NVDA members had in-depth discussion in organizational development of NVDA as a network organization. Started by identifying “who we really are?” to the question “where do we want to be?”, NVDA members worked together in the small groups following the facilitators’ instruction. Within this OD, NVDA members also learned how to identify the actual problem of our organization using “The Problem Tree” method.

3. NVDA formation of Working Groups

In the 15th TNW and 14th GA, NVDA has formed 8 working groups (WG). Each working group has at least 1 EC member to be the facilitator and 1 member as the main contact of the group. Those 8 groups are : Constitution WG, Rules of Procedure WG, Guidebook WG, IT WG, Volunteer Development WG, Communication WG, Solidarity Fund WG, and 100th IVS Anniversary WG.

Global Voluntary Service to Stop Climate Change (SCC)

Different from last year, in 2019, Global Voluntary Service to Stop Climate Change (SCC) has been successfully held in 4 countries hosted by 4 IVS NGOs : CYA (Cambodia), GREAT (Indonesia), NICE (Japan), RUCHI (India).

SCC 2019 was started with preparation meeting in Japan May 11th - 14th hosted by NICE. This meeting attended by 13 participants including the SCC project organizers, SCC special volunteers, as well as NICE Staffs as preparation team. This meeting took place in National Olympics Memorial Youth Center and then continued in NICE House.

Adapting the project period of previous SCC, the project in Cambodia and Indonesia took period on July 4th to September 25th, while the project in Japan and India started on September 1st and finished on November 20th.

Final evaluation of SCC 2019 was held in Kuala Lumpur on November 20th to 21st, hosted by MOVE and financially supported by NICE.

SCC Cambodia hosted by CYA

Planted 4,490 Mangrove Trees

9,938 Mangroves Seedlings

SCC Indonesia hosted by GREAT

Planted 51,566 Mangrove Trees

3,524 Mangroves Seedlings

Raised fund 44.5 USD

SCC Japan hosted by NICE

Built 2 new ovens

Produced 51.124 kg of bamboo charcoal

SCC India hosted by RUCHI

Planted over 2,000 saplings within 4 years

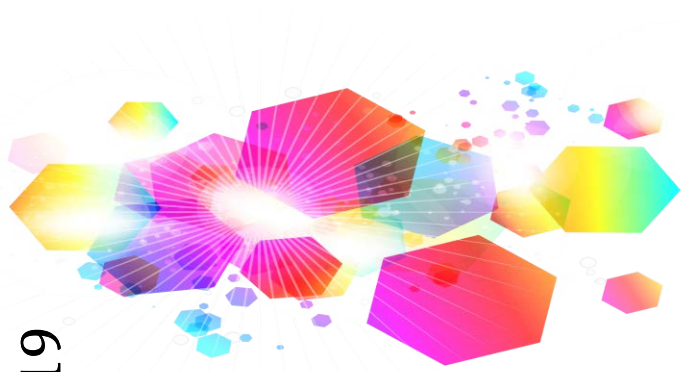

Installed 5 solar lamps in RUCHI campus

Waste Force facilitating Cleaning of over 10 schools

NVEDA

NETWORK FOR VOLUNTARY DEVELOPMENT IN ASIA

External Partnership

International Meetings

1. Alliance TM

This year the Alliance TM was hosted by Genctur at Antalya, Turkey. NVDA were represented by Julie Chao (General secretary) and Mahip Dagar (Vice President for external affairs). During this mega event many NVDA members participated and it was a great opportunity to update our members who could not join our GA in Nepal regarding the outcome of our GA where we had Organisation Development workshop for the network.

2. GMIVS meeting during TM:

During TM in Antalya, NVDA was represented by Mahip Dagar, Vice president for external affairs. During this meeting each network representative shared their updates and discussed on issues which are of concern to our IVS movement and are being actively run by profit making business. Also 100 years celebration of IVS movement was actively discussed by SCI- International where key actions to celebrate in each regions were being planned.

3. Alliance GA

This year the GA of Alliance was held in Brussels. NVDA was invited to join as a guest network, which was represented by Mahip Dagar, Vice President for external affairs. It was a highly enriching event as it made us aware of functioning of our sister network and explore opportunities to create synergies in near future between Asia and Europe. During the GA a new EC team (President and vice President position only) were elected and two NVDA members RUCHI- India and VIN- Nepal were also inducted as new, non European candidate members of Alliance.

4. GMIVS meeting in Holloko, 22 & 24 November 2019

Present:

1. CCIVS: Ratherford (Africa VP), Tamas (Europe VP), Vicky (Director), Ingrid (President) Julia (Staff), Bogdan
2. SCI: Chantal (International Coordinator), Paolo (Activist)
3. Alliance: Jannika (additional VP)
4. NVDA: Queenie (President), Ismi (Treasurer)
5. ACI: Jessica
6. IBO: Sabina
7. Mauro (multi)

There were 2 agenda discussed:

22 Nov 2019: 100th anniversary of SCI

24 Nov 2019: IVS for Climate Justice

Result:

1. 100th anniversary of SCI: The meeting compiled the plan from all networks about their planned events in celebration the 100th anniversary of SCI or of IVS movement in general. There was also discussion to do collaboration of the different events.

2. IVS for Climate Justice: GMIVS forum agreed to continue the involvement to succeeding the campaign via online meetings.

5. Campaign with Sister Networks :

Raising Peace and Global Human rights Week (GHRW)

Raising Peace is a CCIWS initiated program that is participated by different IVS organizations aims to contribute to the construction of peace, the guarantee of human rights all over the world, and to highlight the role that International Voluntary Service (IVS) plays in this field. The program achieves this through advocating for human rights, non-formal education training and capacity building, empowerment of activists and organizations and through communication and visibility campaigns. NVDA actively promoted this program within and outside the organization that took place from the 14-19 October 2019 the GHRW promoted the results of the RP campaign and highlight the work of the IVS movement for peace and human rights.

The GHRW 2019 focused on the following topics, each coordinated by a network part of the IVS movement :

- ✓ Human Rights for All (CCIWS),
- ✓ Refugees & Migrants, Freedom of Movement (SCI),
- ✓ Right to live in Peace (SEEYN),
- ✓ Gender Rights (Alliance),
- ✓ Right to Food & Housing (SAWC, EAVS and WAVAN),
- ✓ Right to Participation (NVDA).

World Exchange 2

NVDA is a partner in World Exchange 2 in 2019 - 2020. In this program, there are 4 major events of the World Exchange 2 that happened in 2019.

1. "Partnership Building Activity" at Lastours, France May 21st - June 4th

Attended by Ben Pramudya (NVDA Secretariat) and Joey Wong (Group Leader from MNCYA). The purpose of this meeting is to gather all of the partners in World Exchange 2 and having strategic plan for the whole program.

2. "Workcamp Exchange - Portugal", Branca, Portugal Sept 7th - 21st

The Workcamp Exchange - Portugal is the first project in World Exchange 2. Hosted by Quinta das Relvas, this project was focused in sustainable way of living and permaculture farming. Led by Joey Wong, NVDA sent 4 youth to join this project consists of 3 Chinese and 1 Indonesian. All of the participants enjoyed the experience of living in nature, using dry toilet, work on eco-construction, and having cultural exchange.

3. “Workcamp Exchange - Cambodia”, Kampot, Cambodia Dec 8th - 17th

The second project of World Exchange 2 took a place in Kampot, Cambodia, hosted by CYA. Focused in organic farming and food production, this project took place in CYA Learning Center in Kampot. Unfortunately, NVDA couldn't find any participants for this project due to the non-holiday season in Macau. Noticing NVDA couldn't get any applicant, then NVDA gave the place to DaLaa and GREAT to send more participants.

4. Hosting EVS volunteers in Indonesia “Semarang, Indonesia, Dec 1st - Feb 29th”

By joining the World Exchange 2, NVDA got a chance to host 2 EVS volunteers to assist the work of Secretariat. They were Martina Mangia and Andrea Paone, both were sent to NVDA by Associazione Kora Italy. Their tasks were to boost the promotion online social media tools of NVDA like Facebook, Instagram, and Youtube. They also supported the Workcamp Exchange project in Indonesia, as well as on the website development.

STEPS2

STEPS2 is an Erasmus+ project with CCIVS to increase the capacity within the movement to perform Organizational Development Training (ODT) and strengthen organizations in all regions where CCIVS has members.

The training will prepare trainers with a good level to be able to perform such contents, and also participants of former STEPS 1, to make the jump from trainees to trainers, and get a leading role in training in their region. Participants will not only go through the sessions, learning and critically analyzing, but will afterwards have sessions to deepen into contents and improve/add methodological elements. Some sessions will also be dedicated to start designing the contents and approach for the MOOC, including some audio-visual recording.

1. Steering Team Meeting and Expert Seminar, 18-24 January 2019, held in Tallin hosted by Estyes and coordinated by CCIVS.

Mahip Dagar, Vice President for External affairs represented NVDA to the steering team. The event were also participated by four other networks namely SCI, ICYE, Alliance and CCIVS. The five day event was further divided in two parts where 19-20 January were exclusively for steering team representative for them to understand the whole project and gain clarity about the various activities and take responsibilities regarding tasks which would be undertaken in future of the project. The Steering Team Meeting has the usual mission of building the team which is going to take responsibility and leadership throughout the project; create a common understanding of the process and its aims, set the priorities, distribute roles among members, clarify tasks and follow-up mechanisms.

The second part of the event 21-23 (Expert Seminar) was then joined by other partner organizations where they learned about the work of steering team done previously and understood their role in this project as most of the activities planned later in the year would require their active participation. Mentioned below is the main objectives of the event.

2. Training for Trainers on Organizational Development & Job-shadowing, 13 May - 2 June 2019, held in Rome hosted by Youth Action for Peace Italia (YAP Italy)

In continuation of STEP-2 project a training for trainers was organised by CCIVS in partnership with YAP Italy. The training was participated by IVS NGO representative from all regions (Asia, Africa, Europe and America). The training aimed to create a pool of trainers who would act as regional trainer and introduce Pentagon model of OD within their region to organisation working in realm of IVS exchanges. On behalf of NVDA this training course was attended by Mahip Dagar - Vice President NVDA.

3. Training on Organizational Development, 13 - 18 September 2019, held in Songkhla hosted by Volunteer Spirit Association (VSA Thailand)

As a follow up of training course in STEP -2 project an Asian lab was organised in September and hosted by VSA in Songkhla, Thailand. The Asian Lab was participated by 16 members from 9 organizations from Asia and Europe. During the lab pentagon model of OD was introduced to all participants and they were provided tools to create a diagnosis of their organization and create strategy for overall development of their organization. The trainers team for this lab were Ingrid from CCIVS, Sophat from CYA and Mahip Dagar from NVDA.

4. STEPS to the Future MOOC Production Laboratory, 3 - 7 October 2019, held in Hungary hosted by Egyesek

Participants from Fundación Ses NVDA-Network for Voluntary Development in Asia Zimbabwe Workcamp Association Coordinating Committee for International Voluntary Service - CCIVS Egyesek Youth Association Alliance of European Voluntary Service Organisations Service Civil International (SCI) worked during these days on a Mooc in Organizational Development for IVS Organizations. With the support of experts, they prepared the script and recorded videos for the online course.

Frame[v]Work

Frame[v]Work is a capacity-building project to develop a functional, shared framework for international voluntary work and volunteers exchange in the IVS movement. The project will bring together representatives from different networks and regions belonging to the IVS movement (Africa, Asia and the Pacific, the Americas, Europe).

7 meetings are foreseen, to be held in 2019 and 2020:

- A first “kick-off meeting” in Europe will allow to monitor the current “state of the art” concerning the exchange of volunteers in workcamps: through the analysis of statistical data and current exchange guidelines, the networks will set the needs and directions for improvement.
- The results of the meeting will be further discussed in 4 regional “laboratories” (1 in Africa, 1 in Asia, 1 in America, 1 in Europe). Here the networks will elaborate the inputs of the first meeting according to their regional realities.
- The outcomes of this 4 regional laboratories will be assessed during a following evaluation meeting, where the final results will be gathered, in order to create the project outputs.
- In a final training course, the new exchange guidelines, procedures and promotional tools will be presented to all networks. Participants will have the opportunity to learn how to use and to share the new knowledge and instruments among their networks and organizations.

1. Kick-off Meeting, 20 - 25 November 2019, held in Hollókő Hungary hosted by Egyesek.

During the kick-off meeting the steering team discussed goals and tasks on several dimensions:

- Steering team tasks related to Frame(v)work project
- Laboratory activities within the Frame(v)work
- GMIVS tasks and goals

NETWORK FOR VOLUNTARY DEVELOPMENT IN ASIA

Structure

Membership

Within this year, the following are the updates about NVDA membership status. SMILE India has been accepted as a full member of NVDA since May 2019 and HJA Laos has been accepted as an associate member in December 2019.

Brief information about HJA Laos :

Huam Jai Asasamak Association, United in Volunteering, is a bridge connecting rural and local youth to volunteer action, work place training and leadership development with a strong recruitment focus on ethnic minorities, UXO victims and gender equality. HJA works to facilitate partnerships with non-profit associations and Laos organisations with young people who are enthusiastic about volunteering, and expanding their skill sets.

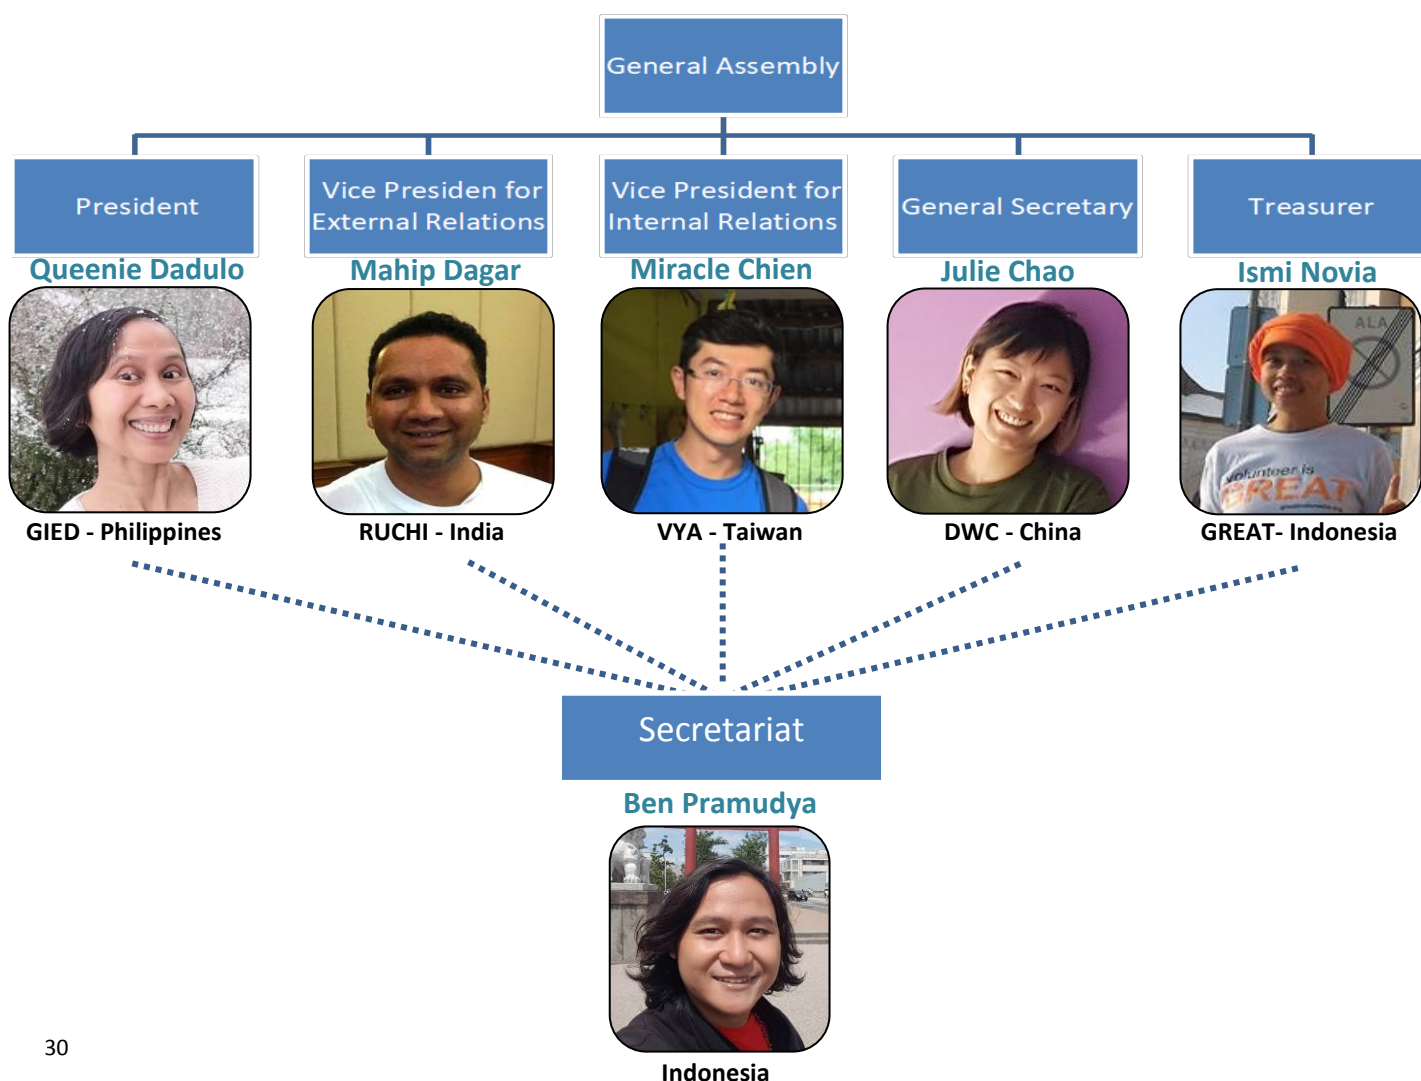

The following are the current NVDA members from 23 countries which including 26 full members and four associate members.

No.	Country	Abbreviation of Organization	Full Name of Organization	Status
1	Australia	IVP	International Volunteers for Peace	Full member
2	Bahrain	AH	Arab House	Full Member
3	Bangladesh	BWCA	Bangladesh Work Camp Association	Full member
4	Cambodia	CYA	Cambodian Youth Action	Full member
5	China	DWC	DreamWalker China	Full member
6	Hong Kong	VT	VolTra	Full member
7	India	FSL	Field Services & Inter-cultural Learning	Full member
8	India	RUCHI	Rural Centre for Human Interests	Full member
9	India	SMILE	Situational Management And Inter Learning Establishment society	Full member
9	Indonesia	DJ	De Javato Foundation	Full member

NVDA EC and Secretariat 2018-2020

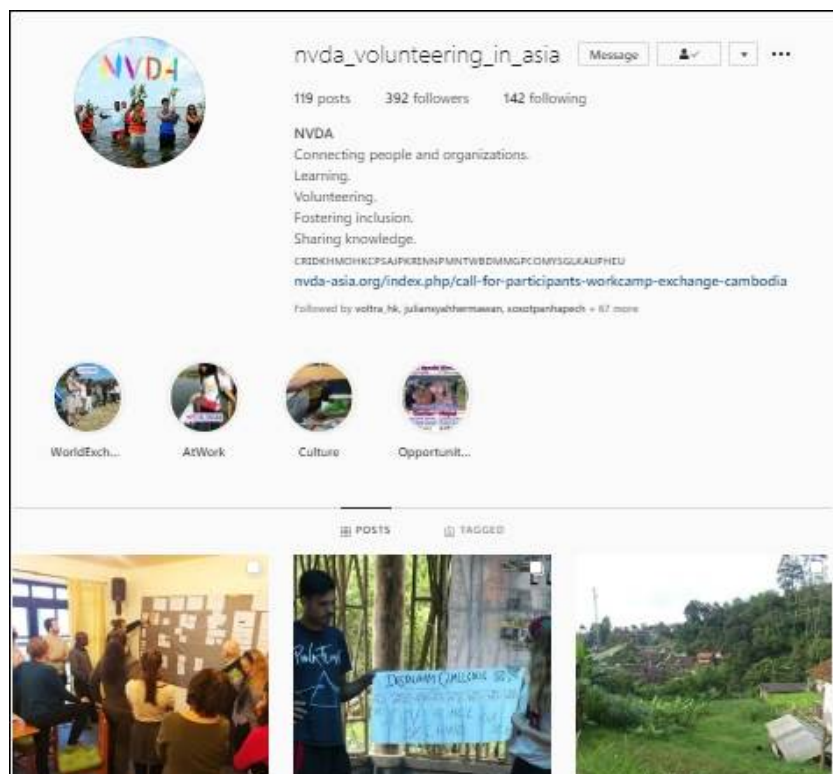

Promotions

Assisted by the EVS volunteers from World Exchange 2 project, NVDA has successfully created a YouTube Channel. This channel is to promote NVDA events, activity and members' project. Now you can enjoy the nostalgic moments with NVDA by visiting NVDA Channel in YouTube and we are more than happy if you subscribe our channel.

NVDA also improved the Instagram account into business account and utilize more the Instagram features. The World Exchange 2 project contributed most of the content / post in NVDA Instagram, followed by SCC 2019 projects and GHRW campaign. In the future, we really hope that NVDA members could also share their project to NVDA to be posted as Instagram feed.

The following are the 2019 Statistics of NVDA Promotion tools

Number of visitor

The website of NVDA has been enhanced specifically on the page layouting. We also added some dedicated buttons that direct you to other NVDA online social media platforms like FB, Instagram, and YouTube. Last but not least, step by step NVDA has been promoting members' project in the website. There is a page dedicated to find the projects of NVDA members that have been collected by the secretariat in particular google drive folder.

Summary of promotion tasks in 2019

Assisted by two EVS volunteers from the World Exchange project, NVDA has improved its promotion tools in terms of quality. The photos and videos in 2019 showed better picture quality, thanks to the quality camera and well trained photographer volunteers. You can see the result of our work by visiting NVDA Facebook page and Instagram account.

What we have initiated in the NVDA promotion tools for now are still small steps. We do hope that this could still be developed further. Finally we also look forward that NVDA members will contribute more to our different promotional tools.

Social and Members' Situation in 2019

Country	NGO	Social Situation in 2019	Major Achievement	Major Difficulties
Australia	IVP	<p>By early October fires were burning in woodland and farmland of the NSW north coast, months before the official start of the bushfire season. By November 100s of km of the eastern seaboard and millions of hectares had been burnt out. This sparked a national debate on climate change and response from governments, and underlined the role of the volunteer rural fire service, who worked through this period to save properties and contain fires. The hot debate was then followed by even hotter fires on the NSW south coast, and simultaneously in other States, and calls for much more drastic action on emissions reduction, as well as drawing world attention to this image of climate change in action - resulting in dramatic loss of landscape, and huge wildlife losses, as well as some loss of life (among volunteers) and extensive property damage. The rural communities came together in mutual support. We are working to bring international volunteers in as support for local volunteering efforts as people in rural areas affected rebuild lives and businesses, and repair damage to parks and wilderness areas.</p>	<p>1. Successful workcamp in February</p> <p>2. Bioblitz weekend workcamp in May</p> <p>3. Attendance at international meetings - July and December</p>	<p>Much of the load of running IVP falls on too few people; we have succeeded in recruiting new members with experience with IVS, but remain handicapped by distance and time restrictions</p> <p>2. We rely a lot on virtual operations. Bringing the committee together regularly face to face is not an option</p>
Belgium	SVI	<p>-Collective awareness of voluntarism through information and awareness-raising sessions</p>	<p>1. Project with 16 young people with fewer opportunities (see description of the project below)</p> <p>2. Systematization of volunteer return weekends</p> <p>3. Skills development session on the return of the volunteers (writing the Youthpass)</p> <p>4. Team leaders training</p> <p>5. IT : database development (volunteers following) + telephony server: switch to VOIP technology</p> <p>6. SVI Belgium has obtained the ESC Hosting label</p> <p>7. Hosting of Civic Services in Belgium</p>	<p>1. Instable premises, difficult office situation</p>
Cambodia	CYA		<p>1. 20,000 mangroves planting and seedling</p> <p>2. 300 students and 100 local people involved in CYA projects</p> <p>3. Staff turnover creates some issues for our operation</p>	<p>Staff turnover creates challenges in organization operation</p>

China	DWC	<p>Political issues with China, Hong Kong, and Taiwan had some negative effects. Now, it is very difficult for Chinese volunteers to travel to Taiwan and therefore, hard for us to promote projects in Taiwan.</p>	<ol style="list-style-type: none"> 1. First mini-workcamp 2. First time to have salary for part-time core member even though not high 3. First camp-leader training 	<p>Lack of human and financial resources so try to organize more events to increase active members and generate more income.</p>
Hong Kong	VT	<p>As you might have seen or heard, the social situation in Hong Kong in 2019 has received attentions internationally.</p> <p>From nearly 2 million people protest to small community base demonstrations, a serial of political demonstrations have taken place in various areas of Hong Kong since June. The protests were initially focused on a bill that would have made it possible to extradite people from Hong Kong to China, where the Communist party controls the courts. After the continuous heavy-handed response from police, including violent clashes and the use of teargas and rubber bullets against demonstrators, prompted the movement adopt wider pro-democracy goals.</p> <p>VolTra, as an organization nurturing glocal actions, we would regard the recent movement as a civic education lesson to Hong Kong people. We would like to express our heartfelt gratitude towards the care and support to us from partners and friends from all over the world. We will stand strong and co-create a better future with you for Hong Kong as well as our would community.</p>	<ol style="list-style-type: none"> 1. First established in April 2009, VolTra has just completed its first decade this year. As the Chinese saying goes, our lifetime as a human being rarely exceeds a few decades. However, with outstanding and professional leadership, an organisation can well outlive us. 2. The “Jockey Club Glocal Hero Action” also provide chance for young people in Hong Kong to explore the local communities and participate in overseas workcamp. In 2019, VolTra organized a large scale kick-off day and launched an app called “Glocal Hero Action” to engage participants to explore the local communities needs. In the past two years, the programme also supported more than 150 Glocal-Heroes have visited various places such as Iceland, Kenya, North Korea, Mexico, Mongolia, Nepal, Sri-Lanka etc. Through exploring the world, Glocal-Heroes discover possibilities for themselves and their own communities. 3. Following the success of the last two years, VolTra has once again received the sponsorship of the Hong Kong Jockey Club Charity Trust to kick off the “Jockey Club Glocal Hero Action” – social incubation programme. The three-year-programme seeks to provide a series of training, mentorship matching and seed fund for young people to turn their passion into action by initiating their own social projects. 	<p>1. Regarding to the ongoing conflicts and turmoil in the city, we have monitored the latest situation and made necessary actions to ensure the safety of ourselves, outgoing volunteers travelling through airport as well as incoming volunteers joining our international workcamp in Hong Kong.</p> <p>For example, we have shared some tips with incoming volunteers concerning the safety issue during his/her stay, and we have assisted volunteers (who was affected by the protest inside airport in August) to ensure the safety of their journey.</p> <p>2. One of the options we encountered is the affect of the social conflicts to our local programmes. Sometimes, the local transportation or the University campus in Hong Kong would be adversely affected by the conflicts between protestors and police, which may effect the some of our local programme.</p> <p>Safety is always our top priority for every events and programme. We’ve set different alternative plan (e.g. relocate those events to a district with less conflict or changing the date of the event into a period with less protest) to make sure our participants’ safety.</p> <p>3. In 2019, VolTra launched an app called “Glocal Hero Action” to engage participants to explore the local community’s needs. Besides the technical difficulties issues we met during the development process, one of the difficulties we may also encounter is how to make this app to be more “sustainable” or promoted for more people’s utilization. We are still on the process to develop different functions in the app and encourage our local partners to include the app in the up-coming programmes.</p>
India	FSL	<ol style="list-style-type: none"> 1. More interaction with Government officials on National volunteering. 2. Schools & Colleges have opened up for Youth Development Program. 3. Increased Cooperation and understanding by Foreigners Regional Registration Officers. 	<ol style="list-style-type: none"> 1. We have been tied up with new network and bi-lateral partners for LTV & WC. 2. Conducted LTV Contact Person and Host Family Workshop, Nov 2019. 	<p>1. Getting qualified and experienced staff is a major challenges. This has been overcome by developed the existing staff into a multidisciplinary person.</p> <p>2. Reduced number of participants, in this regard we started promoting Youth development Program, in order to get more National volunteers</p>
India	RUCHI	<ol style="list-style-type: none"> 1. India has opened up more on its visa regime so that travellers including volunteers can apply for online visa. 	<ol style="list-style-type: none"> 1. RUCHI found a new collaboration with a new partner under Weltwärts, Germany fellowship programme. 2. RUCHI Became a Candidate Member of European Alliance. 	<ol style="list-style-type: none"> 1. We have been successful in recruiting outgoing volunteers but it is not very encouraging for our volunteers when 4 of them

		<ol style="list-style-type: none"> The Indian Government is still stable politically which is conducive to travelling overseas volunteers. India has been able to decrease crime rate in the country. The country is becoming increasingly tourist friendly. Remarkable achievement in infrastructure development 	<ol style="list-style-type: none"> Indian universities are happy to send their graduate/post graduate level students for internship to RUCHI and their number is constantly increasing. 1 new CSR project initiated for community development with a corporate partner. Code of Conduct/Terms of Reference for volunteers is finalised and executed. 	<p>got their visa rejected as they were very young</p> <ol style="list-style-type: none"> Increasing demands of LMTVs on our time and other things which are time consuming. The fees collected from IVS volunteers is not in proportion to organisational expenses to run IVS projects as fee has remained unchanged for over 10 years whereas expenses have gone up. Bureaucratic work has increased as intelligence agencies demand more information on volunteers.
India	SMILE	In India now people became more serious about bringing compulsory Volunteering in School and University Curriculum.	<ol style="list-style-type: none"> Urban Rooftop Organic Farming Yoga to fight against anxiety among refugee kids Refugee & Street Children Informal Schooling 	<ol style="list-style-type: none"> Shortage of international volunteers Financial problems Lack of Volunteering exchange from partners.
Indonesia	DJF	More and more local communities, universities and government have cooperation with Dejavato. They are really eager to collaborate in hosting and sending volunteers in their institutions. It is good news that voluntary service movements are recognised, well known and getting famous in Indonesia.	<ol style="list-style-type: none"> Dejavato has increased the number of Indonesian volunteers to join voluntary service project abroad. Dejavato has increased the number of International volunteers to join voluntary service project in Indonesia. 	Still less participants who join workcamp projects in Indonesia, we cannot run all projects, we should cancel some projects.
Indonesia	GREAT	The new appointed minister of Education, Mr. Nadim Makarim who was the founder of one decacorn Indonesia, GOJEK. He offered the major change in Indonesian education system, recognizing individual learning needs and skills to be developed. Encouraging non formal learning and outside school learning to be important part of Indonesian future educational approach. This is an opportunity for IVS movement in Indonesia to do advocacy for IVS program to get more recognition in education sector.	<ol style="list-style-type: none"> GREAT office moved from Semarang to Salatiga since 19 December 2019 for reasons: (1) The city is more diverse with the title of little Indonesia yet geographically smaller to be easier to move here and there for local and administration reasons; (2) The local community and municipality are open and welcome for glocal volunteering program; (3) Still within relatively affordable distance from Semarang city/ airport, 60-90 minutes; (4) More affordable living standard. The meeting with ASEAN Secretariat in Feb 2019, as part of GREAT's activity in Erasmus+ consortium which brought opportunities for GREAT and IVS network in Asia to partner with ASEAN program in the near future as GREAT brought NVDA in its introduction. 	<ol style="list-style-type: none"> Significant decreasing number of incoming volunteer → overcome: to change 14 days into 3-5 days VSTV, and to call more National volunteers Change international workcamp into youth exchange funded by Erasmus+
Indonesia	IWC	I think voluntourism is getting bigger and that perhaps affecting the number of volunteer that coming to our project.	<ol style="list-style-type: none"> More bilateral camp Visa online account approved by the government 	<ol style="list-style-type: none"> Transision of new staff member Decreasing the number of LMTV project Some work camp has been canceled because of no funding and volunteers apply

Japan	NICE	<p>* More teenagers are concerned in climate justice, IVS, etc., so the number of teen vols. are greatly increased!</p> <p>* Typhoons are increased even in October and many areas were damaged, so we organized special workcamps.</p> <p>* Rugby World Cup was successfully hosted in Japan and many people were crazy to the colourful “one team”!</p>	<p>1. We sent 1,316 vols. abroad (keep increasing for the last 6 years) especially for very short term and LMTVs</p> <p>2. “What is our IVS?” paper was completed with NICE’s initiative and collaboration of 6 IVS networks for 2 years</p> <p>3. The first workcamp in Djibouti (working with the refugees) was realized in Sep. through the member’s network</p>	<p>1. We are still too tiny & powerless to achieve the colourful and healthy world, but we just tried our best!</p> <p>2. We still lack to evaluate/ report the projects compared to plan/ recruit, but did some in the 7th IVS contest, etc.</p> <p>3. 5 staffs retired by various reasons, so 4 new staff started, but STV Incoming was temporarily maintained by President.</p>
Korea	IWO	<p>1. We have already experienced and known that either government’s policies or company’s support cannot successfully solve many different types of problems that each community has long faced. At the same time, these days, international voluntary service is getting generalized at personal-level, rather than driven by government or private organization only. If we try to work with various parties in the field of international voluntary service, we are able to make this world more sustainable and better in the near future.</p> <p>Volunteers has more interesting on longer stay in Korea compared to STV. And they have pretty much information and interest on the cultures such as dance and food. We guess that they got information from online mostly thanks to entertainers. Host organization like to have deeper information about volunteers rather than simple information in VEF.</p>	<p>1. IWO has been focused on online marketing through Youtube and Instagram not only facebook, email etc. Especially on Instagram, IWO updated remarkable news, information related with Workcamp project regularly and did online event to have more followers. As a result, IWO reached 1,050 followers and we are expecting these followers give us a positive impact to promote Workcamp in online. IWO will keep focused using these online channel as a promotional tool.</p> <p>2. IWO keeps having a good relationship with external partners which are major enterprises (SAMSUNG, HYUNDAI), governmental agencies (KEPCO, KOEN; Korea South-East Power Cooperation) and universities.</p> <p>3. IWO has started LENO (Leave No one Behind) project which is funded by EU(Erasmus+) that provides underprivileged youth with opportunities to participate in international exchange program this year. It has dispatched in Cambodia and Turkey.</p>	<p>1. Finding right partners associated with the specific purposes of volunteering projects was one of the most difficult parts in our organization in 2019. In order to overcome this issue, we tried to be as open as possible to work with a new partner as well as to listen to our existing partners’ recommendation. We all should be well-prepared as much as volunteering projects are becoming more diverse and complicated.</p> <p>2. We didn’t fill all the places of STV in the plan. There were not complete solution for this. Host organizations were not satisfied but they accepted the situation</p> <p>3. Regarding keeping regulations in host organization during MTV, volunteer should be informed more strictly about it beforehand also during the orientation. IWO will collect it and translate into English to hand it to volunteers.</p>
Laos	HJA	<p>Not application – since we are not yet started any status with IVS at this point.</p>	<p>1. Organizational Development and Team Building supported by CARE International for the period of one year, commented from May – December 2019</p> <p>2. Workcamp for 4 Youth from Scout de France, from 8th – 30th August 2019 in Xaythany District, Vientiane Capital, Lao PDR</p> <p>3. Signing-off the Memorandum of Understanding (MoU) with Lao Youth Union for PACE Project on 25th December 2019</p>	<p>1. Funding sources – HJA tried its best in order to secure more funding sources by partner with Helvetas Project, CARE International as well as working so hard in order to get the final approval for PACE Project and get signing-off of the MoU with Lao Youth Union.</p> <p>2. Staff turn-over – within the year there two staff members resigned at the same month. What the team is doing is try to figure the way to manage the organization function by recruiting new Programme Coordinator, and nominated staff to rotate the role in doing some acting work, e.g. Finance and Admin Officer.</p> <p>3. Management system – from the very beginning of the year there seemed to be hard for on this aspect, that why HJA received a support from CARE International to revisit its organizational capacity by providing supported to build-up capacity through technical support</p>

Macau	MNCYA	<p>Over the past few years, MNCYA has been working actively on promoting the international voluntary services and doing best to give our youths informal/non-classroom education in various concepts related to the world's sustainable development. The concept of international workcamp start to get popular in Macau, and the social attitude towards international voluntary service has been gradually changing into a more positive way. We are glad to see more people joining us and give us useful feedbacks so as make better improvements on our work.</p> <p>2019 is the first year after joining CCIVS. We are growing. More people are interested in our projects. These are all good things. But at the same time of expanding, we are also facing more difficulties on project management, financial matters. There will still be a lot to learn.</p>	<ol style="list-style-type: none"> 1. MNCYA International Voluntary Service Programme(MNCYA IVS Programme) got the Civic Education Reward from Education and Youth Affairs Bureau for its insightful vision on global affairs, its impacts on youth development and cultural exchanges. 2. MNCYA had first developed a 9-days voluntary teaching work camp to Vietnam, 24 participants in total. 3. MNCYA first worked with local student association, General Association of Chinese Students of Macao, holding two international voluntary work camps to Vietnam(SJV) and Cambodia(CYA). 	<ol style="list-style-type: none"> 1. Handover of work for new staffs – this is not a new thing over the past years. It is unavoidable to have some affection on work during the transition period and the training of new staff, but I have the current system can help to reduce and minimised the affection of work and our services; 2. Retain local volunteers/past participants – we collect opinions from our participants and try to do best on improvement and adjust the programmes' content.
Malaysia	MOVE	<p>Malaysia is more aware of the proper channel for IVS. Our local volunteers is more aware of IVS channel to go for volunteerism.</p>	<ol style="list-style-type: none"> 1. Organised GLMTV in Kuala Lumpur together with SCI Malaysia (IVS organization) 2. Manage to increase quality and quantity of workcamp in Malaysia 3. Manage to empowered our partner NGO (Wisma Harapan Malaysia) to open a selling booth during GLMTV Open event. 	<ol style="list-style-type: none"> 1. we were lack of man power, but we manage to overcome this by partnering with SCI Malaysia and making GLMTV 2019 a successful event.
Mongolia	MCE	<p>Government developed more procedure for the tourist visa application. So more paper work for us.</p>	<ol style="list-style-type: none"> 1. Developed more bilateral projects 2. Invest more for the project site 3. Trained 2 potential full time staff as camp leader 	<ol style="list-style-type: none"> 1. Lack of human resource. One staff left the organization unexpectedly. 2. Failed to send vols to abroad because of failing visa application. 3. Project running cost increase
Myanmar	COM	<p>Home stay is still not allowed in Myanmar by law however, the government allow foreigners to stay with permission and we have to report with documents and forms for permission. Myanmar government released free visa for South Korea, Japan, Macau and Hong Kong in October 2018 and it is still available.</p> <p>Many visa sessions from Embassy especially European privates to Agencies for Visa service.</p>	<ol style="list-style-type: none"> 1. Reforming the organization and organize strategic planning for 2020 to 2030 and start planning to develop Community Development Centre for Sustainability 2. Could send Myanmar Volunteer to Europe for 3 months and short term volunteer for 2 weeks to South Korea 3. Three new local network (Mon, Bago, Pindaya) engaged with COM for voluntary service program 	<ol style="list-style-type: none"> 1. We received less volunteers for International volunteer workcamp. We overcome it by recruiting more local volunteers 2. We didn't receive many Myanmar volunteers to go abroad for volunteering. However, we received many candidates for funded volunteering project abroad.
Nepal	FFN	<p>-we try our best but we can not change much more as we think but we did some change for the local partners banepa and Daman.</p>	<ol style="list-style-type: none"> 1. we complete the community house in banepa and handover the local community 2. we finished 75% of the construction of the 	<ol style="list-style-type: none"> 1. Lack of volunteers 2. lack of fund 3. we could not get any support from the government

			community house in Daman.	
Nepal	VIN	<ol style="list-style-type: none"> 1) Politically country has been safe and stable .There was no major environmental changes however there was a dengue outbreak during a monsoon which might had impact on volunteers coming to Nepal . 2) The law of volunteer mobilization has not still been set up hence situation volunteers has not got specific visa status . 3) Country is organising visit Nepal 2020 campaign and hoping to attract 2 million visitors by the end of the year 2020. 	<ol style="list-style-type: none"> 1. Women cooperative building was inaugurated in Jitpurphedi 2. Community learning centre (CLC) in Okhaldhunga is in Final stage 3. Till Now 42 houses of earthquake victim have been rebuilt 4. Water Research on conducted in Okharpauwa. 5. Raising peace campaign was conducted in Jitpurphedi and Okharpauwa 6. Campaign on various health issues (for eg blood pressure, health and hygiene campaign) conducted at Kavresthali and Jitpurphedi. 7. Education and life skills classes conducted to the women's group of Kavresthali and Jitpurphedi. 8. Library camp project was organised in CLC building in Okhaldhunga 9. Painting and decoration of children's centre in the CLC building has been completed. 10. Training on social media marketing conducted for women in Jitpurphedi and Kavresthali 11. Teacher training for more than 300 teachers from different school of Kathmandu. 12. Personality Development 	<ol style="list-style-type: none"> 1. 20% of international volunteers canceled in last minutes. 2. For some projects Number of required volunteers was not met . 3. Some projects had been challenges because of the lack of funding.

			<p>Training for youth conducted at Jitpurphedi .</p> <p>13. Campaign on Environment issues (waste management and plastic use reduction) conducted in Jitpurphedi .</p>	
Philippines	GIED	<p>Currently, Filipinos are starting to notice and acknowledge the presence of volunteerism and how it's impact shape not just a number of locals/ beneficiaries in the intended area but as well as to mold an individual's perspective and growth. Series of efforts and activities were done relating to the promotion of voluntary service. Meanwhile, GIED in collaboration with Cebu Technological University (CTU) takes the lead in celebrating the 2019 International Volunteer Day (IVD) in Cebu City. The event organized by GIED for 2019 IVD aims to build public awareness and appreciation on the importance of volunteerism for development, increase global recognition of the volunteers' contributions through sharing, understanding and learning from their experiences and promote active participation to global volunteerism practice. For over 150 Filipinos attended the said event comprising of representatives from government units, non-government organizations, private entities and academic institutions.</p>	<p>1. It is our second year to provide free long term volunteer visa for our LTV participants deployed in September this year in coordination with Philippine National Volunteer Service Coordinating Agency (PNVSCA) a national government agency in charge in the issuance of free long term volunteers visa.</p> <p>2. GIED organized the Social Entrepreneurship Training Seminar with one of its local project partner Bukas Palad Cebu Foundation Inc.</p> <p>3. GIED initiated the visit with VPV and SJ in Hanoi, Vietnam to strengthen bilateral cooperation and explore project partnerships</p> <p>4. GIED Renewed the registration with Department of Social Welfare and Development as Resource Agency in June 2019</p> <p>5. GIED Renewed the registration with the National Youth Commission as a Youth Serving Organization</p> <p>6. GIED received visiting intl. partner organizations for project visit and staff development activities.</p> <p>7. In partnership with Cebu Technological University (CTU) we organized the 2019 International Volunteer Day Celebration last December 5, 2019.</p> <p>8. GIED organized the 1st Local Workcamp in December 2019.</p> <p>9. Established new local host project partnership with Local Governments in Cebu Province.</p> <p>10. 1st year cooperation between GIED and IJGD-Germany for Weltwärts Program, etc.</p> <p>11. GIED Staff participated the Workcamp Program Staff Devt. Training in Germany organized by IJGD Erasmus+ project grant for ICYE Federation's "Social Entrepreneurship for young leaders" project.</p>	<p>1. Decreasing number of incoming volunteers is an alarming concern of our organization. All of the workcamps we organized in 2019 were canceled due to zero application or only one-two applications in the project. We have been actively improving the quality of our projects and have incorporated our projects in PLATO and E-VET Systems and promoted well to our partners but still face the same issues. Although there are less incoming participants it is a little bit compensated by the longer duration of their stay. From workcamp participants they are now more keen in joining our STV/MTV projects which helps augment the loss of numbers by their longer stay in our projects.</p> <p>2. Limited number of partners within the NVDA. We almost exclusively receive volunteers from NICE and SVI. While we manage to send only to MNCYA. There were coordination efforts happening between us and with VPV, SJ-Vietnam, VYA, Dejavato and GREAT, but as of this time it has not concretized any cooperation at the moment.</p> <p>3. Fast turn-over of staff is also one of our major challenges due to many competing career opportunities in the labor sector given the emerging economy of the country. Thus, we try to accommodate university interns as our staff support and also organized events/activities calling for local volunteers that can give us support in our programs and to introduce IVS as well. We also tapped institutions and group of youth and students in support of the conduction of those events. We also open our year-round volunteering opportunity in the organization for incoming volunteers interested to work with IVS/NGO work. Finally we open our hiring year-round and continuously seek for workers who are interested on our work.</p> <p>Lack of Outgoing Filipino volunteers – Although, volunteerism is known and one of the interests of our youth but the moral/economic means of going outside country and do voluntary works is still a big challenge due to culture and strong</p>

				family influence. In spite of this challenges we are still thriving and doing our best by organizing local events and now starting our local workcamp in order to introduce the ideals of IVS. We are also investing much now on the improvement of our website to make it trendy and useful, active online social media and other IT related work to improve our promotion campaigns.
Singapore	GVC		1. Continue working with organisation in Singapore – Waterways Watch Society & ACRES	1. Manpower 2. Maintaining the website 3. Reaching out to the mass
Sri Lanka	GV4GF	1.	1. We identified a new partner organisation for Agricultural projects 2. After April 21 st bomb explosion all of our projects was collapse	1. After bomb explosion, volunteer participation was dropped. / Sorry 2. Monastery said they do not want to work with foreigners. / We find another Monastery for next year projects 3. One project coordinator suffered from paralysation / We transfer all activities to Higurakgoda 4. Child protection authority not allowed to enter the orphanage in Higurakgoda and we have to go to Polonnaruwa to meet the children
Taiwan	VYA	In the past two years we had more and more participants from Vietnam and Cambodia. It reflects the economic growth in the south east Asia.	1. In the past 3 years, we noticed that the need of 2-6 days voluntary program is increasing. This year we have 2 communities hosted minicamps. The total participants of minicamps increase 50% from 2017 to 2019.	The number of outgoing volunteers is still decreasing this year. We tried to enhance volunteers' learning by redesign the program from the volunteers' perspectives. But it takes time to see the results. We are still trying to find better way to solve the problems.
Thailand	DALAA		1. Organization diagnosis and coming up with a new vision and clear mission =Renewal. 2. Research on MLTV impacts results: learning process of the volunteers 3. Practicing soft leadership as a part of organization culture.	1. Staff turn over 2. Lack of STV 3. Less variety of volunteer background (Typically, 18-23 years old female from North Europe, high education)
Thailand	VSA	In 2019 VSA support the 14 scholarships to VSA members to experience in international training and exchanging with international organization in 4 countries 6 projects.	1. Building New partnership with Government and NGOs Sector in Thailand 2. Highest quantity of funding program 2019 3. Starting project Media Content Creator with Potential of VSA Team skills and interested.	1. Financial
Vietnam	CSDS	The visa policy change made it difficult for our volunteers longterm stay.	CSDS successfully organized the Global Volunteering Day / Social Good Summit with the United Nations	We had a good year with no major challenge.
Vietnam	SJV	We have new policy for visa. Vietnam has launched an e-Visa system for citizens from 46 countries. It is very convenient for people in those countries	1. The quantity of volunteers for sending has increased significantly. Volunteers appreciated highly the positive community impacts of our voluntary	1. Changes of immigration's law in Vietnam and miscommunication between the Vietnam embassy based in other countries and Immigration dept in Vietnam made

		<p>to enter Vietnam within 30 days. You can apply through this website:</p> <p>https://evisa.xuatnhapcanh.gov.vn/web/guest/faq</p> <p>But in some provinces, the volunteers must work with a volunteering visa. They sent me their documents to request a volunteering visa approval letter very late.</p>	<p>projects. All volunteers have had unforgettable and memorable experiences abroad. They have been growing steadily and being more responsible after volunteering.</p> <p>2. We have organized successfully 2 new projects and workshops for LMTV in Hanoi and get some new agreements with local partners in the south of Vietnam.</p> <p>3. We have ceased ineffective projects already and expanded some projects to meet the development demands in the era of integration in local community for the year and are ready for the new year 2020.</p>	<p>the voluntary visa (type NN3) processing more complicated, many time volunteers had to get out of Vietnam to get the right visa for working.</p> <p>2. Because of the storms, we could not organise activities on Cat Ba island then some workcamps were changed to other locations (Ba Vi National Park and Mai Chau, Hoa Binh).</p> <p>3. Some partners required some specific abilities and qualifications from volunteers then we have to change the projects for motivated volunteers.</p>
Vietnam	VPV		<p>1. Built 7 small schools for children in mountainous areas with the support of an international organization. Build a few water tanks and toilets for schools in rural/mountainous area.</p> <p>2. Built 1 kindergarten site for children in a disadvantaged area in Hai Duong province</p> <p>3. Organized the Global Volunteering Day event with the participation of nearly 1,000 national and international volunteers</p>	<p>We had a stable year with no major challenge.</p>

Good practice of members' partnership with other stakeholders					
Country	NGO	Government	Companies	Universities	Others
Australia	IVP	We have contacts with elected local government representatives in our past and present office sites	A letter has been drafted to companies suggesting IVS as a training or professional development option for their staff	very tentative still, nonexistent really	we have contacted local high school - who have volunteering as an activity; and the Asylum Seeker Centre where we have advertised for volunteers; we are building our contacts with pother NGOs
Belgium	SVI	citizen service volunteers	coffee place partnership for our information session, Language exchanges that take place in coffee shops, conferences	Partnership with university in Belgium (conference, conversation table...)	
China	DWC	Local partners have government funding, which help support for some project expense	Online youth platforms help with promotion and recruitment of volunteers, which DWC still tried to maintain quality of the volunteers by sharing IVS values and expectations during pre-departure training		Local partner got SDG World Records (http://SDG.do/eCert) for SDG-13 (https://cert.sdg.do/kr13/index_en.html) and SDG-12 and 15 (https://cert.sdg.do/sy14/index_en.html)
Hong Kong	VT		VolTra always explore opportunities to co-operate with different companies. We tailor-made various ways for companies to take part in Glocal Action by different means. From sending a group of colleagues and friends to join an overseas workcamp (e.g. Cambodia "Plant For water" workcamp with KKAY), to sponsoring grass-root teenagers to participate in international service, we could explore different options for companies to support the communities.	VolTra is working closely with different Universities in Hong Kong to provide international voluntary service opportunity to students. Some of the Universities would organize tailor-made workcamp service trip with VolTra (with specialized theme, location and arrangement) while some Universities would sponsor students to enrol in international workcamp as group placement.	VolTra is co-operating with different media to have different volunteer's stories sharing to the public. VolTra is also working closely with Hong Kong Jockey Club, the sponsor of the "Jockey Club Glocal Hero Action", in monitoring the impact and operation of the programme regularly.
India	FSL	Networking with different Govt. organisations, understanding Govt. policies, networking with different Youth Department, regular interaction with Govt. officials.	Well defined project management cycle and reporting system in CSR Project.	Attending Conferences, conducting seminars, arranging interaction with International Volunteers on the subject line and developing network.	
India	RUCHI	Local government has recognised volunteers contribution and hence extend their cooperation where ever needed.	Corporate sector also approaches RUCHI for capacity building of their staff and in executing CSR projects. Right now 2 CSR projects are running benefitting communities.	6 Indian Universities send their students for practical grass roots experience at RUCHI and promote community development process.	Communities are impacted positively and they are more welcoming to host volunteers. This is also leading to responsible tourism.
India	SMILE	As usual	Same as last year	It's a great time with students and universities in	Building more connection

				India and Abroad	among youth volunteers.
Indonesia	DJF	More government institutions have recognized voluntary service projects by Dejavato. They even interested in the projects and willing to collaborate.	Sustainable CSR projects are still running and will continue next year. They realized that the voluntary service program has big impacts for the company and society.	Students from universities are more and more to join voluntary service both in Indonesia and overseas. The professors are willing to support the students with their policy and some funds.	
Indonesia	GREAT				Validated by Erasmus+
Indonesia	IWC	Volunteers involve in conservation activities held by The Ministry of Education and Culture in Borobudur Temple Compound as part of World Heritage Volunteer.		We cooperate with one university for hosting internship students annually	
Japan	NICE	We successfully continues 2 group workcamps in Vietnam with Fukuoka prefecture government and SJV. We conducted 3 projects granted by NLAPO (National Forest agency) and Japan Foundation.	We organized 14 group workcamps with 3 companies in Cambodia/ Thailand/ Japan. We kept cooperation with the insurance and travel companies that they kick back some portion to us.	We collaborated with 29 univ. (11 increased from 2018!) including Kokushikan univ. where Kai (NICE President) organizes 3 kinds of classes. 16 Group workcamps were organized with univ. and high schools.	
Korea	IWO	Government intended to encourage local people to participate in the matters of locals actively. Government hope to support local people rather than leading the development and ownership. Therefore, Government are more open to the voluntary service concept and project for the cooperation with external organization.	Cooperation with more than 2 different companies was quite new and more effective even though it was not easy to meditate between them. An IT company provided local beneficiaries with IT devices and IT class and a startup company making educational application let the beneficiaries use its mobile application (software) for free. Let's leave it to the expert!	IWO has started the partnership with Chonnam National University since this year. As it's a very first year of cooperation, it was not easy to make them understand well about concept and value, management system of Workcamp at the beginning. So, we suggested them to visit project site to see and meet our local partner. Finally, staffs from university have visited local project site in Spain & Portugal and also met our partner of COCAT & IPDJ. They gave us good a feedback that it was very helpful to understand what's Workcamp.	
Laos	HJA	Overall, the partnership with Lao Youth Union is moving forward in the better way, and so we got the MoU signing-off on 25 th Dec 2019 for the PACE Project.	We hired a consultancy firm to conduct the M&E for HJA	There were two student who did their internship here at HJA for the period of 3 months (July – September 2019). These interns were the last year Universities students and they both also the volunteers of GDA through the UNDEF funded project	Three other interns who already completed their Universities and college did their internship for the period of 3 months (September – December 2019)
Macau	MNCYA	We obtained both financial sponsorship and assistance from the below government sectors. A) Macau Foundation; B) Education and Youth			A) Dr. Imon Sharif Shams from Institute for Tourism Studies (IFT); B) The Macau Heritage Ambassadors Association; C) The two Associations of

		Affairs Bureau (DSEJ); C) Macau Government Tourist Office			Na-Tcha Temple
Malaysia	MOVE			2019 is a planning year for us to partner up with University for 2020	
Myanmar	COM	We report regularly to local authority and take recognizing from them. We also report them, before, during and after workcamp.	One company from Bago contacted us for CSR program with volunteering and the program is expected to start on 2020.	This year, we could host, two universities from Japan with support from NICE-Japan and one university group from Taiwan with support from VYA	This year our local partner from Pindaya, Danu region, purpose one new area to strengthen the cooperation and the local people are very welcome on volunteering project. New partner from Mon state is also engaged with us to establish volunteering projects in their monastic education school.
Nepal	VIN	Social audit, reporting, good rapport with local government.	Child sponsorship, some project under Corporate social responsibility (CSR)	Local Volunteers, Interns, Resource and Knowledge sharing, technical support, Researcher	Community people
Philippines	GIED	We have official partnerships with national government agencies like PNVSCA, DSWD and NYC that are very supportive with our programs and projects. Because of this national government affiliations we were able to establish also strong cooperation with the Local Governments in the Province of Cebu for volunteer placements and supporting GIED LTV to have free Volunteers Visa, etc.	National/Local companies like Nature Spring Water Inc., Bubble Tea Inc. And 2MC Global Inc. were among the companies that supported our resource mobilization activities for our special projects with our local communities.	Coordinating and undertaking partnership with universities to host events and trainings/seminars with top universities in Cebu City like University of San Jose Recoletos and CTU. We also supported the event of Cebu Normal University for visibility.	Local business organization like PBSP-Philippine Business for Social Progress supported our IVD event and Area Based Standards Networks (ABSNET) an association of NGOs in Cebu Province helped in the mobilization of participant to our IVD event. GIED is an active member of ABSNET and it is also the source of local partnerships for hosting and other cooperation.
Singapore	GVC				
Sri Lanka	GV4GF				We found new organisation located at South part of Sri Lanka
Taiwan	VYA	Although the previous mayor of Taichung city government did not win the election last year, the policy of international volunteer service to develop local community does not affected by the result of the election. The policy is one step further with a stable source of funding and a clear regulation to support the communities. It is a recognition of the impact of workcamp.			
Thailand	DALAA			Join local university volunteer clubs in 4 different cities- Promote our projects through their responsible persons- join	

				several of their events.	
Thailand	VSA	2019 VSA with the close relationship with D-Hope project of JICA started cooperation with Community Development Department, Interior ministry Thailand to start international workcamp in OTOP local community which will be 5 pilot workcamps in 2020.			
Vietnam	CSDS	CSDS cooperated with the UN to organize the Social Good Summit on SDGs.		CSDS partnered with some universities in student internship program	
Vietnam	SJV	Still giving support to all the activities of volunteering. Friendship union of Phu Yen, Ben Tre, Dong Thap, Foreign affair department of Nam Dinh/Thai Nguyen ... supported us to complete our missions in their provinces without any official requirement as they supposed to, then we saved a lots of time.		There are more and more universities contacted SJ Vietnam to have volunteers exchange, to accept the non-official education method on teaching via volunteers. We started with 2 news universities.	SJ Vietnam has a local partner who is helping us on communication field. We can update our activities on a newspaper online so it's a very good way to promote I.V.S and SJ Vietnam's volunteering activities.
